Greetings.

Due to the transfer of the tasks of registering and controlling drugs to SFDA based on the telegram of His Royal Highness the Head of the Cabinet of the Council of Ministers No. 29930 / B dated 19/7/1430 AH, which referred to Article 20 of SFDA Administration, all the regulatory, executive and supervisory tasks related to the drug shall be transferred to Saudi Food & Drug Authority. These tasks include monitoring and controlling drug side effects and their quality before and after marketing.

Therefore, we hope that Your Excellency will send the updated Periodic Safety Update Report (PSUR) for the medicines that you market in KSA and inform SFDA about the side effects that may occur to any patient as a result of using your pharmaceutical and herbal products. We also hope to report any fraudulent medicines, poor quality medicines and errors, Medicines if they occur to the address of the National Center for Pharmacovigilance, by the following means of communication:

1- Free mail by filling out the prepaid paper reporting forms and sending them to:

National Center for Pharmacovigilance.
Saudi Food and Drug Authority - Drug Sector
3292 Northern Ring Road - Al-Nafl District
Riyadh 13312-6288 Kingdom of Saudi Arabia

2 - Via the Internet, by entering the center's website and filling out the electronic reporting form and sending it directly to the center, or obtaining a copy of the reporting form and sending it after filling it out on the center's e-mail or to the center's fax number 01-2107398.

For inquiries, you can contact the National Pharmacovigilance and Drug Safety Center at phone 2759222 Ext: 2317-2353-2356-2352-2334.

Please accept my sincere greetings and appreciation

vice president for drug affairs

Prof. Saleh bin Abdullah Bawazir
