

# ANTI EPIDERMAL GROWTH FACTOR RECEPTOR ERBITUX (CETUXIMAB) DOSE TRACKER

**For patients who have been prescribed Erbitux (Cetuximab) as Anti Epidermal Growth Factor Receptors (Anti EGFRs).**

In order to ensure the safe and effective use of the product and appropriate management of adverse effects, it is advised to be read carefully the insert leaflet before administering the product.

This document has been reviewed and approved by the Food and Drug Authority (SFDA).

**MERCK**

## TRACK YOUR DOSE AND BE ADHERENT TO YOUR MEDICATION

### Remember

Diseases like cancer need careful management to ensure the desired result, including cure or a prolonged life filled with good quality time.<sup>1</sup>

Cancer treatment adherence is crucial to achieve these objectives. Cancer medication non-adherence has been shown to lead to higher recurrence/treatment failure rates & increased cost of care.<sup>1-6</sup>

**DON'T miss out on the chance to benefit as much as possible from the 1st treatment you are receiving by stopping the treatment.**

**Treatment Continuation with Anti EGFRs Erbitux (Cetuximab) increases the chance of LS mCRC to achieve longer life.<sup>2</sup>**

**International guidelines support treatment continuation until progression in patients.<sup>3-6</sup>**

Anti EGFRs: Anti Epidermal Growth Factor Receptors  
LS mCRC: Left side metastatic colorectal cancer
