Common Questions

Q/ Why is registering Pharmaceutical Establishments in the registration and licensing system considered crucial?

Registering Pharmaceutical Establishments in the registration and licensing system is considered crucial owing to the following:

- Issuance of the license to conduct the establishment activity.
- Building a database for all Pharmaceutical Establishments in Saudi Arabia
- Enhancing communications between the SFDA and Pharmaceutical Establishments.
- Enabling Pharmaceutical Establishments to update their data consistently, besides easing the communication process with the SFDA as a regulatory body of these establishments.

Q/ Who is registering in the Establishments Registration system?

An official and an authorized individual by the establishment who has access to adequate technical information to complete the registering technical and administrative process.

Q/ When to apply for a license from SFDA to engage in activities?

Apply for a license through the Electronic System, after obtaining an Industrial License and finalizing the establishment preparations by 100%.

Q/ When is the warehouse entitled to practice activities?

The warehouse can practice activities after obtaining the license from the SFDA, any activities before issuing the license are prohibited and penalties shall be applied upon violators according to Pharmaceutical Establishments Law and its implementing regulations

Q/ How long is the period of the warehouse license issued by the SFDA in pharmacological activities?

5 Years

Q/ When shall the investor apply for license renewal?

The establishment shall apply for a license renewal before 3 months of the expiry date of the current license.

Q/If the investor has multiple pharmaceutically establishments, is it registered as a single establishment in SFDA registration and licensing system?

Each establishment shall be registered by the investor separately (two independent applications)

Q/ Is it necessary to update the file of the registered establishment?

Yes, information shall be updated if needed such as the commercial register or contact details.

Q/When renting space within a warehouse, is it mandatory to select a warehouse with the same type of activity?

Yes, the activities of both the lessor and the lessee must align.

Q/Which commercial registration number should be used to open an account in the electronic system?

An account on the electronic system must be opened using the same commercial registration number as the warehouse where the intended activity will be conducted. If there are multiple warehouses with different commercial registration numbers, a separate account must be created for each establishment.
